-Coils/sheets/tread plates are produced according to EN485-1-2-4 , EN573-3, EN546-1-2-3-4 , EN1386, ASTM-B209 standards\*\*  
- For the purpose of traceability, inspection and test results of incoming raw materials which are related to products can be provided upon request.

-Tests and equipments;  
-Tensile test : ZWICK Z050 or ZWICK 1478, EN 6892-1 or AA (depending on customers' requests)

-Spectral Analysis : ARL 4460, ARL 3460

-Hardness test : FUTURE-TECH FM-700, EN ISO 6506

-Cupping test : ERICHSEN, DIN 50101

\*\* Materials produced according to customer and/or Assan specifications are exempt from these standarts.
